

You Ain't
Seen
Nothing
Yeti

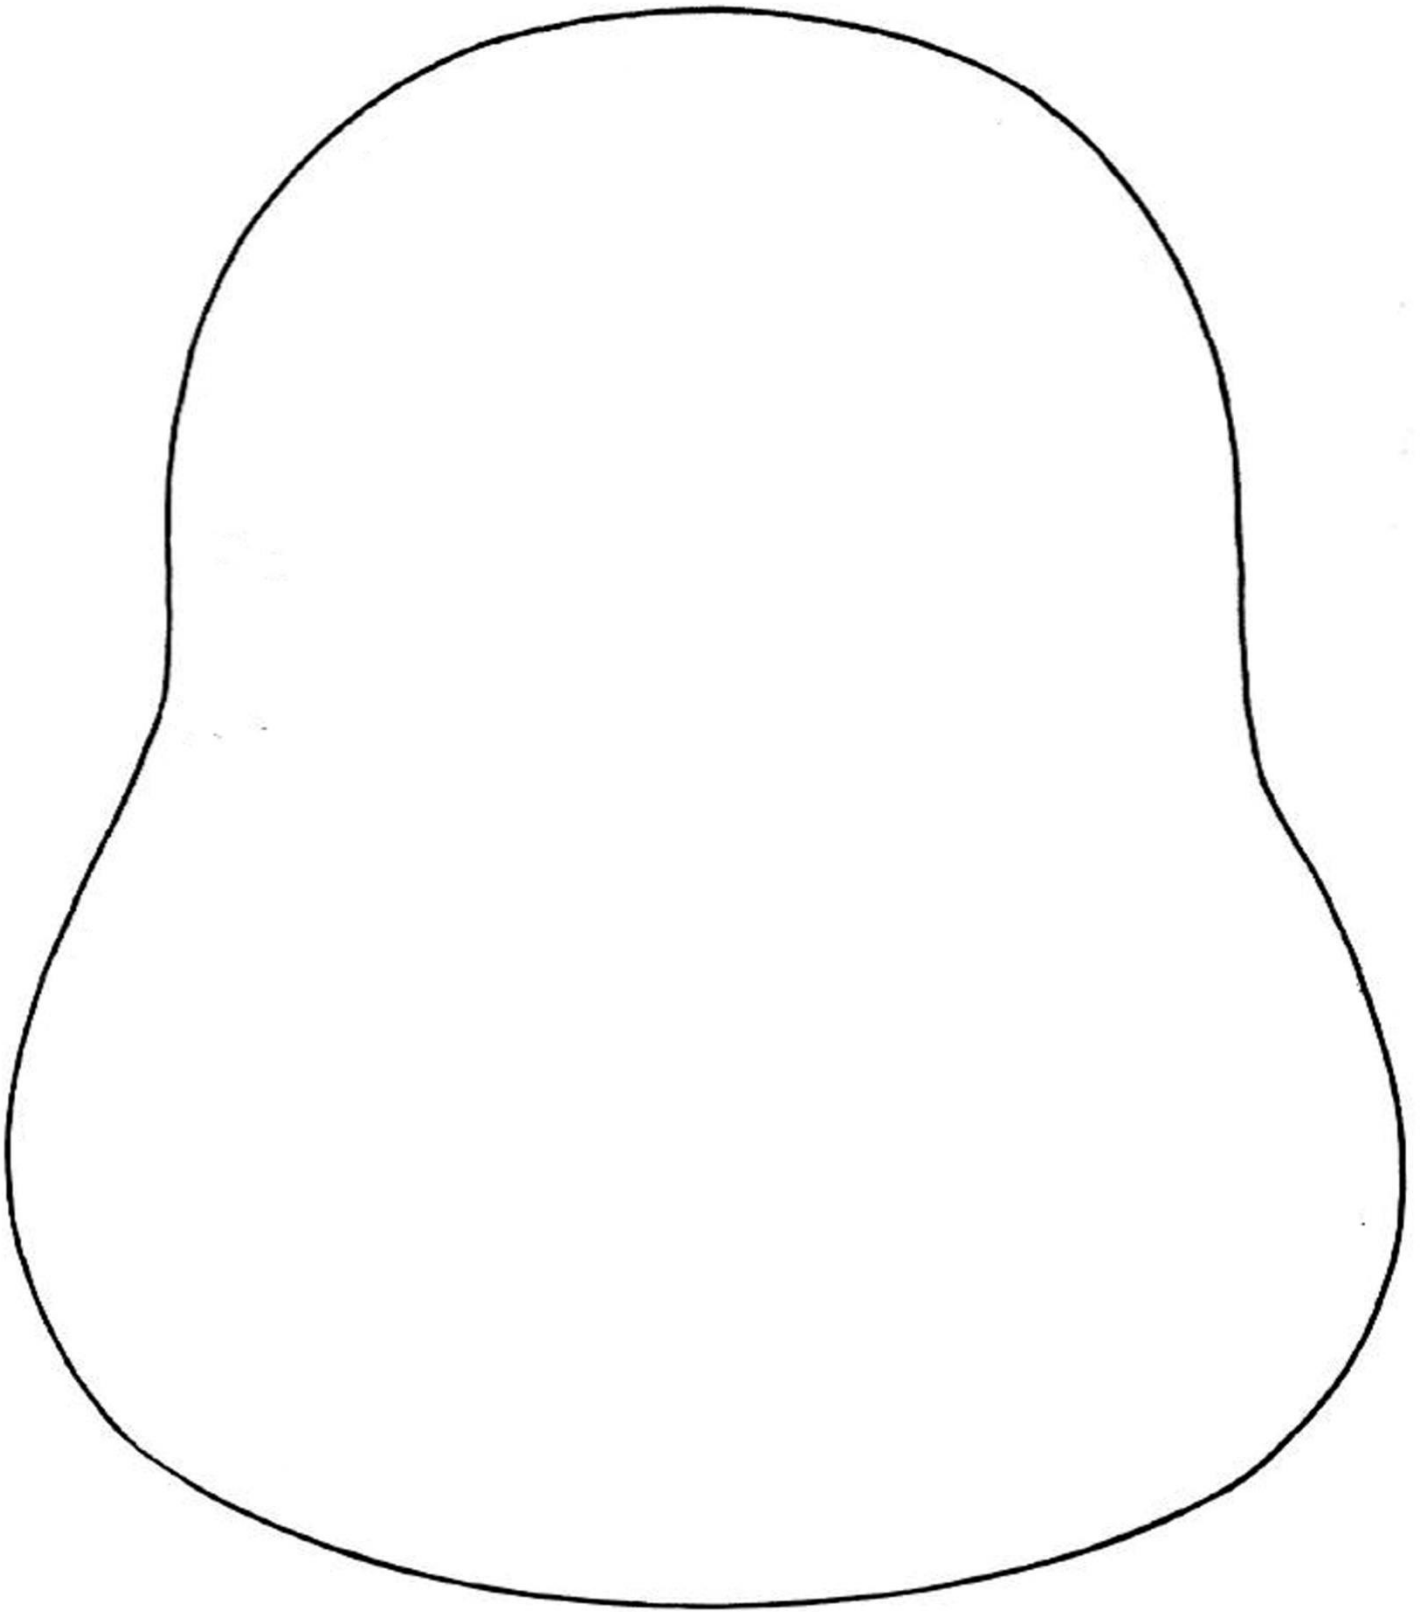

Draw a Yeti!

A Yeti or Abominable Snowman is a large hairy creature resembling a human or bear that lives in a snowy climate. Some people say that they aren't real because there isn't a whole lot of evidence, BUT some people swear they really do exist!

What do you think a Yeti looks like?

Take a blank "My Yeti" sheet and draw a picture of what you think a Yeti looks like. Then you may take it to a librarian and she will add it to our special Yeti book!

My Yeti
