

ARTIST NAME SCRAMBLE

On the white board are the letters to spell nine artists names.

The letters for each artist are all one color, so match all the same colored letters together on the back of this sheet and see if you can un-scramble the letters to discover the name of some famous artists.

If you un-scramble three you **win a pencil**.

If you un-scramble all nine and come up with more names from the small letters on the board you **win another pencil**.
