

# Find the Dice!

Find six dice (they look like the ones above, only slightly bigger) hidden throughout the library. Use a worksheet to write the color of the die that corresponds to that die's number.

So, if you find the #2 die, then write down what color it is.

When you're finished, bring your worksheet to a librarian and she will check your answers.

If all of them are correct, then you win a sticker!
